# THE COMMON THREAD CONNECTING RIFLES AND GARMENTS

In the area of the Blaser Outfits CLASSIC collection, too, we work closely together with the F&E team of our Blaser hunting rifles. For the F/S 2022 season this means, for the first time, hand in hand with the artists of the Blaser Custom Shop.

## The team

Custom Shop engraver Ralph Salzmänn and Blaser Outfits apparel designer KeHai Truong-Spiess. Ralph Salzmänn has been artfully and skillfully engraving hunting weapons for more than 20 years, while KeHai Truong-Spiess has already demonstrated his mastery with the HunTec collection.

## The task

To develop design elements that enhance textile materials just as stylishly as hunting weapons. A distinctive feature that only a brand like Blaser can offer.

## The result

A masterful combination of craftsmanship and state-of-the-art textile design that is second to none.

In combination with the Argali, this has resulted in a new, artistic label that enhances the inside of the Classic jackets, as well as a high-quality emblem for the use on the outside of the jackets.

The trouser buttons of the Classic collection were also ennobled with an acanthus "scroll" from the Custom Shop, turning a necessity into a sculptural tangible decoration element on the garment.

By the time the F/S 2022 collection ships, the first firearms adorned with these motifs will also be ready for delivery. Thus we offer you the perfect staging of this unique concept!

As a stylistic element the enhanced acanthus "Scroll" of the Custom Shop ornaments trouser buttons and weapon likewise harmoniously.

The visual symbiosis of Blaser Argali and acanthus wreath has what it takes to become an icon.
