

Lambro[®]

Passion for shooting

STEEL

Clay busters

The experience and expertise of LAMBRO's team is written all over the STEEL 24 and 28, two shooting cartridges with steel shots and performance very close to lead. Affordable and reliable, you will not notice its steel shots.

STEEL 24

STEEL

Steel specials

NORDIC TWENTY FIVE is a shooting cartridge especially engineered for Nordic clay target events. Low recoil, affordable, a multi target shotshell for breaking clays easily at 25m.

SPORTING LONG RANGE STEEL. Long range clays need high energy. Naturally, high speed, tight patterns and reasonable recoil is what shooters ask for and this is exactly what Lambro delivers without compromise.

NORDIC TWENTY FIVE

Caliber	12/70 - 2 3/4"
Load	24g. - 7/8 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	7
V1 (m/s)	400
P max	550 Bar
Packing	25/250

SPORTING STEEL

Caliber	12/70 - 2 3/4"
Load	28g. - 1 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	7
V1 (m/s)	430

Charalampos Chalkiadakis
124/125 Skeet
European & World Cup Medalist

SERIES 2

Unlimited practice

A shooter's way to the top demands long hours of practice. That was our main thought while developing Series 2, to offer the ultimate economical shooting cartridge for endless workouts without any performance lag. Low recoil, consistent performance, excellent for Skeet, Trap, Compac, training or competition.

SERIES 2 (24g)

Caliber	12/70 - 2 3/4"
Load	24g. - 7/8 oz.
Metal head (mm)	10
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 9,5
V1 (m/s)	400
P max	450 Bar
Packing	25/250

SERIES 2 (28g)

Caliber	12/70 - 2 3/4"
Load	28g. - 1 oz.
Metal head (mm)	10
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 8 - 8,5
V1 (m/s)	405
P max	500 Bar
Packing	25/250

Emmanouela Katzouraki
123/125 Skeet
World Cup Medalist

SERIES 3

Balanced choice

Made for the shooter who prefers to use the same shotshell for competition and training. Series 3 is a pure competition shotshell at an affordable price. Loaded with extra hardened 3% antimony shots, maximum weight of shots guaranteed allowing the shooter to get the most of his shot! Shooters will feel that each shot contains decades of LAMBRO experience.

SERIES 3 (24g)

Caliber	12/70 - 2 3/4"
Load	24g. - 7/8 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 9,5
V1 (m/s)	407
P max	480 Bar
Packing	25/250

SERIES 3 (28g)

Caliber	12/70 - 2 3/4"
Load	28g. - 1 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 8,5
V1 (m/s)	412
P max	550 Bar
Packing	25/250

Nikos Mavrommatis - OLY 125/125 Skeet

European & World Cup Medalist

SERIES 5

The medalist

The OLY shotshell that includes Lambro's decades of experience. The mark of success behind many records and medals. The main feature of this top-class shotshell is the ultra hardened lead shots containing 5% antimony giving an enormous advantage over hard clays or marginal shots. Thanks to the sophisticated manufacture process every single shotshell is guaranteed to contain the maximum weight of shots within the competition limits, thereby allowing the shooter to get the most of his shot. Low recoil will help the shooter to stay focused on the next target.

SERIES 5 (24g)

Caliber	12/70 - 2 3/4"
Load	24g. - 7/8 oz.
Metal head (mm)	16 Nickel
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 9,5
V1 (m/s)	407
P max	480 Bar
Packing	25/250

SERIES 5 (28g)

Caliber	12/70 - 2 3/4"
Load	28g. - 1 oz.
Metal head (mm)	16 Nickel
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 8,5
V1 (m/s)	412
P max	550 Bar
Packing	25/250

SPECIALS

No mission is impossible

With PISTON Skeet wad (triangular cut shaped container) DOUBLE SIM offers a wider spread of peripheral lead shots while maintaining a consistent core for longer distance shots. Made to master double simultaneous clays, for medium or long range shots. Its low recoil will help the shooter to focus on target and remain in good shape throughout demanding competitions or long trainings.

DOUBLE SIM	
Caliber	12/70 - 2 ¾"
Load	28g. - 1 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	8,5
V1 (m/s)	412
P max	500 Bar
Packing	25/250

Loaded with Bior wad (plastic wad without container) MEZZO 28 is THE shotshell for medium shots and more. Thanks to its wad system it delivers a very round and homogenous pattern, an obvious advantage for every hit. Low recoil, countless shots on the target, breaks that will surprise everyone except those who shoot it.

MEZZO COMPAQ	
Caliber	12/70 - 2 ¾"
Load	28g. - 1 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	8,5 - 9,5
V1 (m/s)	412
P max	550 Bar
Packing	25/250

THE CLASSICS

All-time great performance

Nothing compares to classic. Classic choices are there, because they are tested during the years, they come first in mind and they always perform. Lambro classic line is based on 2% antimony, low recoil and all time great performance. Classic line was the starting point, nearly 50 years ago, for Lambro's long way to the top.

SPORTING LONG RANGE	
Caliber	12/70 - 2 ¾"
Load	28g. - 1 oz.
Metal head (mm)	12
Closure	Star 6
Wad	Plastic
Shot sizes	7,5 - 8 - 9,5
V1 (m/s)	410
